Hi, I'm Sierra and no my last name is not Luke. Luke is my brother's name. My brother, Mom and I write stories. Don't worry, we'll always have more great stories to share.

Check out my blog called  
Kids Who Write  
for tips and ideas for other kid writers like us!

I'm Luke, I'm 8 and I love Lego.  
After our Mom writes the story I edit  
to make sure that kids like us would like  
to read it. We check for errors and  
choose the pictures..  
Check out our website for our books,  
fun activities and cool free stuff

This is our Mom Alecia.  
She does most of the the writing, but my  
brother and I come up with the  
characters, the ideas and the stories, it's  
a real team effort.

We also work with great editors,  
illustrators and narrators to bring our  
stories and all our characters to life.
